GOLDEN ANNIVERSARY EDITION

#### Dedication

to the

Golden Anniversary

of the University

... our chant rolls on and on,

thousands strong

join heart and song,

in Alma Mater's praise.

Live on, University!

For I dipt into the future,

far as human eye could see,

Saw the vision of the world, and

all the wonders that would be;

Saw the heaven filled with commerce,

argosies of magic sails,

Pilots of the purple twilight,

dropping down with costly bales.

rom the beauty land, Alberta

comes our universal praise.

Tis the song of Alma Mater

that her sons and daughters raise.

to win her blessings;
Throng her gates
to hear her name;
Leave her gates
to sing her praise;
Go afar
to spread her fame.

Cabitant of castle grey,

Creeping thing in sober way,

Visible sage mechanician,

Skilfulest arithmetician.

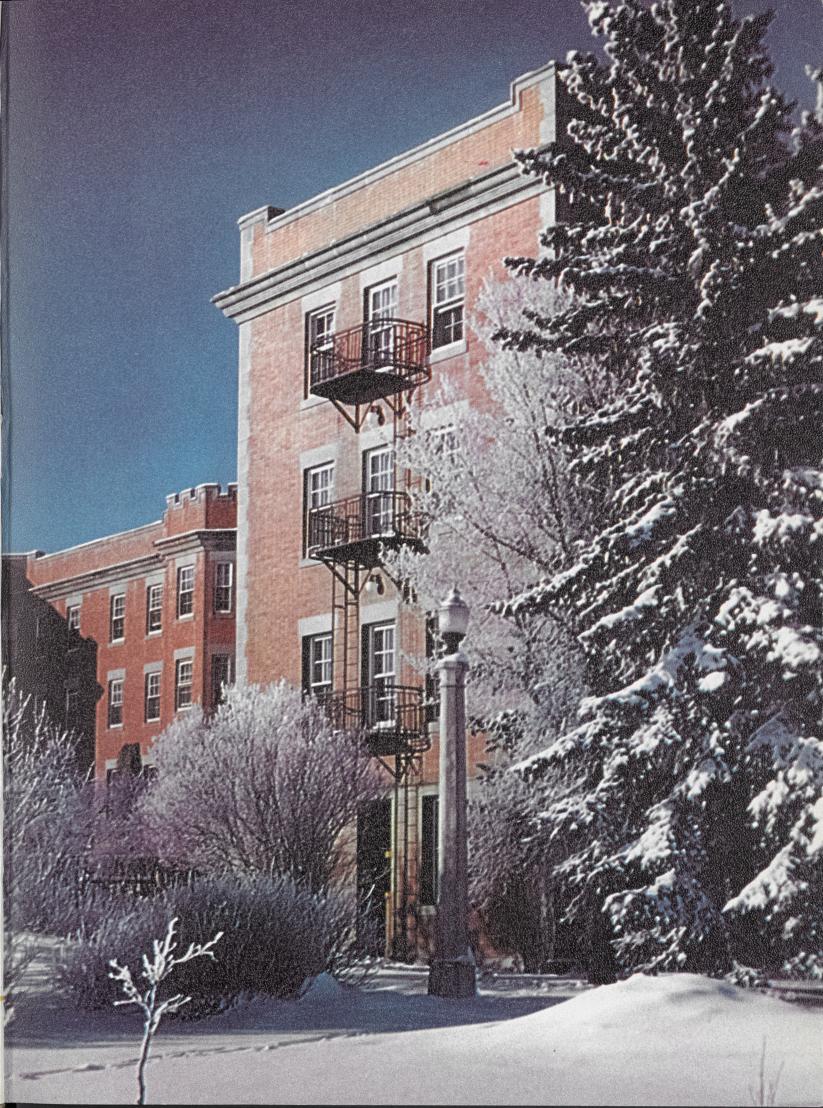

-THE SPIDER

ail to thee, our Alma Mater.

O, how beautiful thou art!

### 1908-1910

University facilities were first provided for the Province of Alberta in 1908, largely through the efforts of Dr. H. M. Tory, the university's first president.

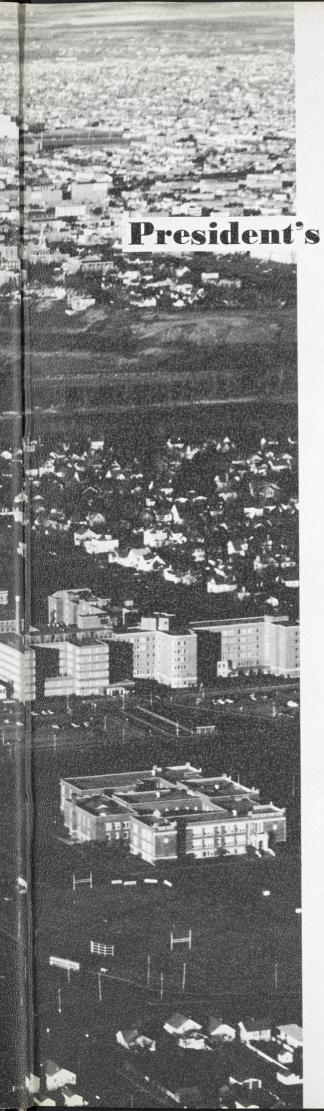

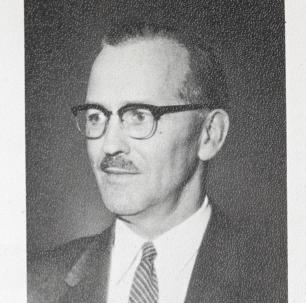

# Administration

BY RON SPACKMAN

ANDREW STEWART, B.S.A., M.A., L.L.D. President

In September, 1908, instruction at the University of Alberta started with four professors and 45 students. Fifty years later the full-time academic staff exceeds 300, and there are more than 5,000 students in the day time courses of the winter session. The first classes were held in rooms in the Queen Alexandra School. Today the University is located on a beautiful campus, and housed in fine buildings.

Message

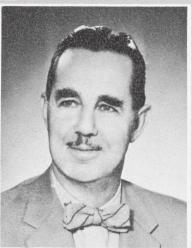

The physical growth of the University is impressive; but this is not the measure of its contribution. We believe that the University of Alberta has served its community well. It has given to the youth of the province an opportunity to develop their talents and to satisfy their enquiring minds. While proving capable of adapting itself to changing needs, it has upheld the fundamental values of our society, and has maintained the best traditions of institutions of higher learning. Over the fifty years, 17,500 students have graduated. A large proportion have remained in Alberta to contribute directly to the welfare of the growing province: many have gone to other parts of Canada and have helped in the building of a nation; some, by giving their service in distant places, have brought closer the reality of "one world."

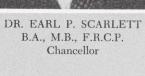

The physical growth of the University in the next 50 years will be more rapid than it has been in the past; and the tempo of change in society will increase. The University of Alberta meets this prospect from a position of strength, inspired by the achievements of the past, and confident in its capacity to meet the needs of the future.

## Students' Council

BOB SMITH President

Fifty years ago, men of rare vision glimpsed the vast potential of the newly-formed Province of Alberta and founded a university so that leadership might be developed in all fields within the province.

I suspect these men would be astounded if today they could observe the harvest of the seed which they planted. From their dream, our university has developed to a position of eminence, and is today providing leadership, not just for Alberta, but for the entire nation. We can be profoundly grateful that the wisdom of fifty years ago has been so fully justified.

But we must not dwell too long on the past. Although we have profited greatly by the experiences of a half century of student government, we have had to find our own pathway, and I trust that the decisions we have made will aid those who are to follow. I should like to thank my executive, the council and all those behind the scenes who have worked so diligently for the welfare of the student body. My duties as President have been most rewarding, and shall always stand as a highlight in my life.

Looking to the future, we can see heavy responsibilities. We who are graduating are going out into a time of crisis. It would be well, as we climb stiffly down from our ivory towers and enter a world of reality, to remember the words of H. G. Wells, who, like the founders of our university, often looked into the future. He wrote,

"Success is to be measured, not by wealth, power or fame, but by the ratio between what a man is, and what he might be."

Let us endeavour, therefore to be successful in the true sense of the word. May each of us be worthy of the faith of those far-sighted pioneers, the founders of the University of Alberta.

Robert F. Smith

This was Wauneita's forty-eighth successful year. The Wauneita Society, organized in 1910 with the aim of promoting friendly understanding among the campus co-eds has certainly fulfilled its purpose this year.

"Maids of the Green and Gold—gather round while we whisper to you the legends of the tribe Wauneita. Know ye that upon trespassing these camping grounds you at once become a member of the great tribe which embraces all Alberta co-eds."

This year, six hundred Freshettes were initiated and attended the Coffee Parties and

Formal Tea during Freshman Introduction Week. "Autumn Leaves" was the theme of the Wauneita Formal, and this event was the highlight of the fall season. The annual Christmas Party gained a new shine when the MacLeod Club invited and ushered in the children from the hospital.

Indeed, the Wauneita Council, led by President Jeanette Hawrelak and Miss Hastie, Honorary President, can be said to have lived up to the Wauneita motto—"All For Each and Each For All".

THE WAUNEITA COUNCIL

# Public Relations

The Public Relations Committee is directly responsible for many of the Varsity activities and highlights such as Varsity Football Night, Varsity Guest Weekend, the Civic Banquet, and Parliamentary Dinner. The committee, headed this year by Al Bryan, who was assisted by Ron Ghitter and Dick Anthony, has reached unprecedented heights in Public Relations.

JIM EDWARDS, Managing Director, and HERB MOAR, Chief Operator

This year, under the leadership of President Don Webber, Radio Society has branched into fields of instruction, networks, television, and drama. Commendable work has been accomplished in Rad' Soc's Saturday afternoon broadcast over CKUA. Thanks for this hour-long program goes to John Vandermeulen and Dick Dunlop. Also, this year Rad' Soc' is the headquarters of the Western University Radio and Television Federation, which is headed by Jim Edwards.

## EVERGREEN AND GOLD

This edition of the Evergreen and Gold was made possible entirely through the efforts of the students pictured on these pages, augmented by assistance. from various other individuals throughout the year.

In this issue there are various changes, which we hope have added to the book's quality and popularity. Most important of these are the new color section, our new cover design and the use of a different texture of paper.

Inasmuch as this issue has been dedicated to the University of Alberta's Golden Anniversary, we have made a special effort to bring out in the lead-in pages a brief resumé of the more important campus aspects of the past half century. This type of recognition was necessitated by a shortage of usable pictures depicting the university's history.

Now, as this year comes to a close, I would like you to join me in thanking all the Evergreen and Gold staff, Hamly Press and Walter Dinwoodie for their collective efforts to produce this, your 1958 Evergreen and Gold.

NORRIS NORDEN Photographer

Photography Directorate is one of the most important links in the student union organizations. Although the majority of the work carried out by this group is completed behind the scenes, our most important publications would be impossible without it. The finished products of the Photograph Directorate are often published in the Gateway and all the pictures in the Evergreen and Gold with the exception of the Student's section and the full color section are the result of Directorate's work.

It takes a group of hard working photographers to cover all campus activities, to say nothing of the work entailed in processing the films and printing the pictures. This year an excellent job has been carried out by Martin Dzidrums and his photographers. Many thanks are deserved by this hard working group for their untiring efforts throughout the 1957-1958 year.

## RUNNERS-UP FOST

The Jubilee Auditorium was the scene of the Interfraternity Council's annual Song Fest. For the first time in several years all twelve campus fraternities took part in the evening of song. Winners of the competition were Kappa Alpha Theta led by Pat Martland and Delta Kappa Epsilon under the direction of Matt Spence.

The results of women's competition were: Pi Beta Phi, second; Delta Delta Delta, third; and Delta Gamma, fourth. In the men's division Phi Delta Theta and Kappa Sigma tied for second place; Delta Upsilon was third; Phi Kappa Pi fourth; Sigma Alpha Mu fifth and Lambda Chi Alpha sixth. The program concluded with an original production by the members of Zeta Psi.

## Valedictory . . . 1958

## **HUGH NUTTYCOMBE**

Now that we are graduating from university and are about to go our various ways in the world, we can only hope that we are prepared to meet the challenge before us.

We know that we have learned many things while here at university. First of all we have been instructed in a profession. Secondly, we have learned a different way of life. Few among us are graduating with the same ideas and standard of values with which we entered university. We learned, as our knowledge grew, that the world in its complexity is infinitely more vast and complicated than we suspected when we first came to these halls. We can only hope, upon entering society as active participants, that we have learned the importance of questioning and inquiring. We can hope, too, that we have learned the necessity of an open mind, and that the imperfections in the world are not for us to criticize, but rather for us to recognize and try to improve.

We know as we venture forth that we take with us different types of learning, impressions and memories. The character with which each of us goes forth has at its base the personality of the individual, but it bears also the mark of our university training. We will be judged as the product of a system, so it is for us to accept the burdens and responsibilities of our society, to carry on its good works and to try to improve its imperfections. We go forth into the most fortunate society in the world, with its freedom for the individual, its opportunities and its high standard of living. We, in our specially fortunate position as university graduates, are asked to do our best to preserve and to attempt to improve our freedoms and standards.

We, the members of the graduating class of 1958, the Golden Jubilee year of the University of Alberta,

are grateful for the training which has been given us; to many we would like to express our thanks. First, we offer thanks to the founding fathers of the university. whose foresight recognized the need for this institution. Next we thank the provincial government, which, over the years, has recognized the need for expansion of university facilities and has so admirably supplied our campus with the many fine buildings it has today. To our devoted professors, who have directed our academic education, we offer our sincerest thanks. And to those of the staff who have made time to help us with our extra-curricular activities, we offer a special thanks, for these experiences have helped us to prepare for society itself. Our final thanks is reserved for our parents who have devotedly encouraged us in every way possible, so that the day of graduation might be a reality.

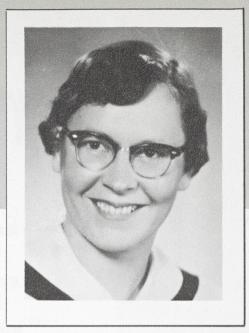

A valedictory address is traditionally a farewell address, and in truth it is time to say farewell to our university, to each other and to a way of life which has become so much a part of us. It seems natural to be a little sad as we find ourselves leaving these familiar surroundings, but we can look forward to futures filled with opportunities, and to hope that we will meet with success in attaining our ambitions. These ambitions and the satisfactions associated with them may be ours if we are able to look forward eagerly to each new experience, and to appreciate it for what it is, rather than what it might have been.

With fond memories of the past and hopeful anticipation of the future, we say "Farewell!"

## Class History, 1958

## MARY HENDRICKSON

It is my privilege to speak — not in wisdom — but in retrospect. And, as we reminisce, we cannot escape the nostalgia which accompanies a class history. For we are many classes in one, and our respective experiences have been pooled into mutual memories.

When some of our class personnel first arrived on campus the Rutherford library, Engineering and Students' Union Buildings had been recently constructed. Since then our class has witnessed the erection of the Alberta Research Council and Agriculture buildings, extensions to the hospital, the magnificent Jubilee Auditorium nearby, the Administration building; also, to our chagrin, we witnessed the death of Studio Theatre, although its cobwebs remain. But future classes will see the beginning of long-overdue Physical Education and recreational facilities, the Chemistry, Mathematics and Physics unit, and extensions to the Medical and Agriculture buildings. We hope future classes will witness some proof of a balanced campus in the construction of a fine arts building and perhaps even a solution to the residence problem.

As we recall the growth of the university physically, we are reminded of the parallel development of the students academically, socially, and morally. Students have always been in some form of frenzied activity, whether the campus be resplendent in autumn shades, wind-swept by a blizzard, gowned in hoarfrost and moonlight, or vibrant with spring fever mingled with pre-exam anxiety or post-exam euphoria. From a hectic Frosh Week to a gala Color Night, extra-curricular activities have been the icing on the cake, another outlet enabling us to experience the exhilaration of the joy of effort.

We are grateful for our student autonomy here at the University of Alberta, and we are grateful for the privilege of squirming in quandaries of our own making. What we lack in wisdom we make up for in exuberance. Students' Council's recurrent by-law revisions, investigating committees-plus the committees to investigate the investigating committees—awards, Ted Heath, Blood Drives, conferences of NFCUS and WUS, Parliamentary and Civic banquets, Varsity Varieties, Stage Two-these are but a few of the offspring of Council. To unsort the maze of seventy Union Clubs, the position of Co-ordinator of Student Activities was created. The Promotions Committee and Signboard Directorate also evolved. Even pep rallies and cheer leaders were sanctioned and grew beyond the embryo stages. Queens, pigeons, helicopters, effigies, bands, chorus-lines, intramurals, Christmas trees, floats, hair-cuts, columnists—all bring memories to our class. And, each year, the search for the intangible "campus spirit" continues—like the search for the "fountain of youth."

Intervarsity competitions have benefited our campus by partially removing the distance barrier which threatens to cloak our university in isolation. The McGoun Cup in debating has been ours for two years now. We enjoyed, briefly, the delightfully subversive usurping of the Southam trophy from the eastern monopoly. (The universities in that vicinity were stunned by the

fact that our "Gateway" was equal to their papers.) But we have been too anaemic to be in serious contention for the Corpuscle Cup. In athletics, the major means of contact, our teams have been worthy representatives in each sport, both women's and men's. Each year the question of intervarsity football was raised—and squelched. We would be amiss, however, if we overlooked one of our greatest representative organizations, Mixed Chorus. Each year it has continued to foster good-will and music appreciation among all whom it contacts.

During our many activities we have become aware of certain characteristics of particular groups on campus. We will remember the zestful indiscretion of the engineers, the untested idealism of the artsmen; the isolation of the nurses, the perseverence of the dents; the devotion of the theologs, the fatigue of the physios; the self-assertion of the lawyers; the self esteem of the meds; the lucrative ingenuity of the pharmacists; the esprit de corp of the phys ed'ers (bless them); the neighborliness of the aggies—the House Ec'ers' right-hand men. And we remember as well the ed students' struggle for prestige, the commerce students' ability to charm a figure, and the grad students' glimpse into the unknown.

But we temper these memories by acknowledging that stereotyping is often as dangerous as it is erroneous. For the same people are those whom we first met in residence—if we were so fortunate—or in classes, clubs and over coffee. These are the people whom we will remember in life-long friendships and acquaintances.

So far we have recalled the history of the class through extra-curricular pursuits. What of our academic maturation?

Each year that it has been our privilege to attend this institution we have learned a greater respect for the traditional method of pursuing knowledge. When we were overwhelmed by those first bewildering lectures, disillusioning marks and barrage of assignments, we wondered if our aspirations had been too high. But, in subsequent years and in advanced courses, we progressed from the learning of isolated facts to the understanding of inter-relationships and relativity. The group studying each specialized field became smaller, and professors were able to share their knowledge more informally and to stimulate us to think creatively.

And here we are now, the Class of 1958, firmly resolved to be independent in thought and action, refusing to become "assembly-line ingredients in our cake-mix society." We realize that the privilege of a university education carries with it the obligation of continuing the search for "whatsoever things are true." May we fulfil our trust.

A BLACK DAY FOR THE BEARS

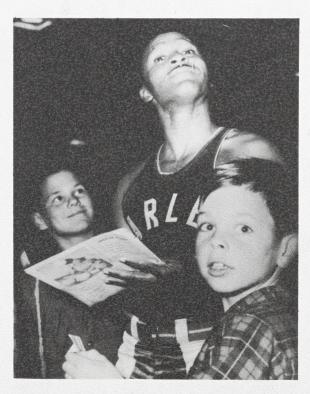

TOLLESTRUP CAN SURE FAKE

Varsity court action commenced on November 18, when Steve Mendryk's Golden Bear basketball squad, sparked by a host of sharp-shooting rookies and seasoned sophomores, received their first taste of competition against the always colorful Harlem Clowns. The Bears, employing a fast-break style of play in an attempt to tire the six man Negro troupe, went down to defeat in both encounters by scores of 68-58 and 76-71.

High scorer for the college crew was Don Monro, who pushed in 37 points and impressed the crowd with his spirited play. Don Kay, a ball control artist, and Dave Thompson, a hustling ball handler that the Bears have sorely needed for two years, were the pick of the rookies.

Quick, alert play characterized the Bear attack and they appear to have snapped out of the lethargy which kept them in the intercollegiate cellar for the last two years.

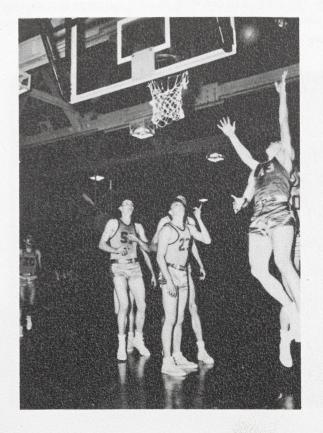

A CANDID POSE

### MONTANA STATE

Attempting to avenge the defeat handed them by the Golden Bears in Havre last year, the Northern Montana State Teachers College invaded the Varsity gym on November 25th and 26th, for games against Mendryk's hoopsters. However, the Bears had their claws sharpened for the clashes, and once again demonstrated their mastery by sweeping both ends of the series 60-57 and 68-62.

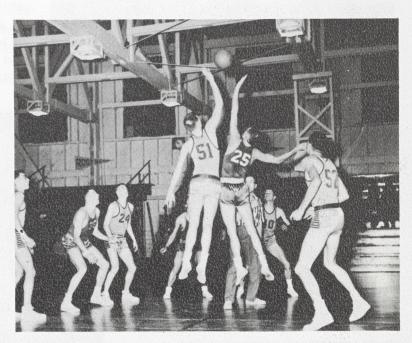

In the thrilling first game, the versatile Bruin offence was led by Don Monro, who bucketed 20 points, and rookie Jim Walker, who contributed 15. Defensively, Dave Thompson and Al Tollestrup were the bright stars, out rebounding their taller opponents under the boards.

In the second game Monro netted 20 points to lead the Bears to their second victory of the series. Walker and Tollestrup both fired home 15 points to help the Bear cause. Coach Mendryk was pleased with the improved shooting of his men, as they connected on 27 of 68 field goals in the first game and 20 of 55 in the second.

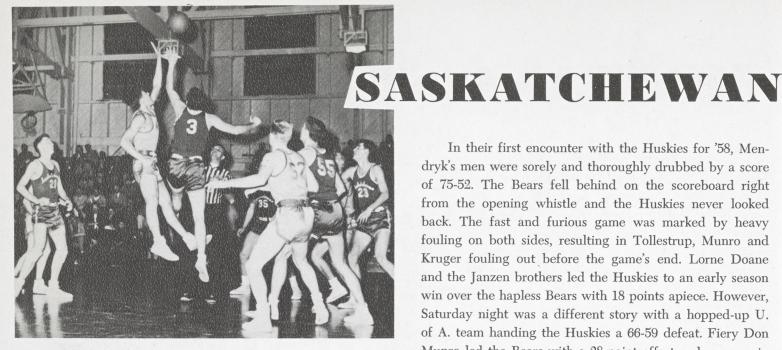

IT'S A BIRD, IT'S A PLANE . . .

THE BATTLE BEGINS

A MONTANA HOPE SHOT

PLAYING FOOTIES

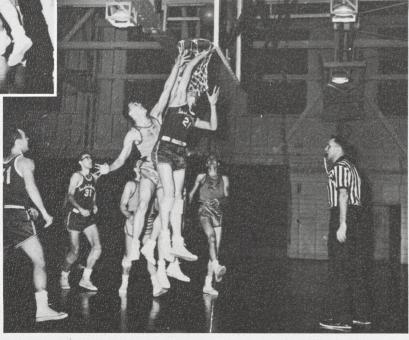

CLOSE CHECKING BY BEARS

GOOSE STEP TOLLESTRUP

In their first encounter with the Huskies for '58, Mendryk's men were sorely and thoroughly drubbed by a score of 75-52. The Bears fell behind on the scoreboard right from the opening whistle and the Huskies never looked back. The fast and furious game was marked by heavy fouling on both sides, resulting in Tollestrup, Munro and Kruger fouling out before the game's end. Lorne Doane and the Janzen brothers led the Huskies to an early season win over the hapless Bears with 18 points apiece. However, Saturday night was a different story with a hopped-up U. of A. team handing the Huskies a 66-59 defeat. Fiery Don Munro led the Bears with a 28-point effort and once again the tall Janzen boys were the Saskatchewan shotmakers.

In the return weekend match held at the U. of A. gym, the Bears combined a tight zone and a fast break to whip the Huskies 78-61 before a capacity crowd. Don Munro led the Bears with 30 points, at the same time setting a new high for this year's league. The Bears accuracy accounted for the win as they potted 20 of 49 attempts.

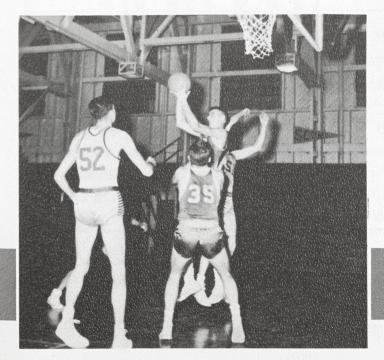

On the following evening the Bears cinched the league title by a convincing 70-48 drubbing handed to the Huskies. The game was once again marred by extreme roughness and weak refereeing. Rookie Don Kay led the Bruins with 16 points while teammates Kruger and Munro were held to 14. The 1958 matches with U. of S. all were fast moving and close games, with the Bears living up to their advance notices with 3 out of 4 wins.

#### MANITOBA

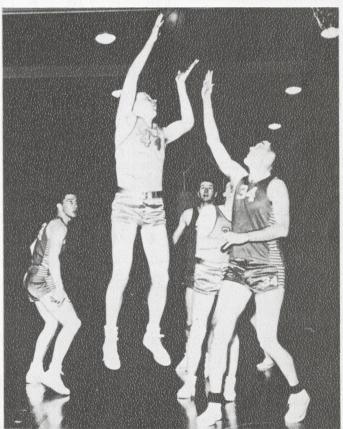

The Golden Bear basketball club opened the '58 intercollegiate season with a double upset victory over the Manitoba Bisons. The first game on Friday night was a close see-saw defensive battle with the score being tied no less than six times in the last quarter. Ron Dragon for the Bisons scored the tieing basket, forcing a 5-minute overtime period. The lead was passed back and forth several times until Munro sunk two free throws to give Alberta an 80-77 win. On Saturday night the Bisons again started well but faltered before the fierce checking of the Bears. The second half of rough play saw four Bisons fouled out of the game, thus allowing the Bears to coast to an easy 74-58 victory. Tollestrup, Munro and Kruger led the Bears with 46, 41, and 33 points respectively for the weekend series.

The return match in Manitoba was once again a close thriller played before 1,000 Manitoba home-coming fans. The Bears were led again by Tollestrup and Munro in posting a 69-67 win over the cellar-dwelling Bisons. Saturday night the Bisons appeared to have the game under control, leading the Bears by 8 points late in the second half. However, Al Tollestrup ran wild to net 16 points in the last quarter, before fouling out, to give Alberta a 53-45 win. The last two games with the Bisons brought the season to a close with Alberta, bearing a 7-1 win-loss record, ending up as league winners.

## PANDAS

Left to right: Sylvia Shaw, Sally Williams, Bev Coward, Lorraine Adams, Donna Huestis, Darlene Steiner, Pat Jackson, Pat McCleary, Jean Harvie.

Kneeling: Barb Johnston, Manager; Miss Ruby Anderson, Coach.

Missing: Joan Stewart. Team Mascot: Pandy.

The Pandas brought home the Cecil Race Trophy, symbolic of W.C.I.A.U. basketball competition, from Winnipeg this year.

The three-team, round-robin playdowns were highlighted by the thrilling game against the U. of S. Huskiettes, holders of the trophy for the past three years. Playing under great pressure, the Alberta girls came through on a basket in the late stages of the overtime period by centre Sally Williams. Standout for Alberta was jump-shot artist, Bev Coward. Final score was 39-37.

In the second game the Alberta girls found Manitoba competition much easier. Outshooting and outplaying the U. of M. crew, Alberta stomped home with an easy 56-25 verdict. Sharp shooting by veterans Jean Harvie and Pat McCleary insured victory for U. of A.

Besides winning the Cecil Race, Coach Ruby Anderson's crew did themselves proud by defeating the Calgary Marwells and Cal-Var teams. In addition to this, the Pandas won the Division A city championship. Well done, U. of A. Pandas.

The Cubs, the junior women's basketball team had another successful year after reorganizing just two years ago under the capable mentorship of Mary Hendrickson. Coach Hendrickson recruited practically a whole line-up of freshettes, along with veterans Joyce Gibson and playing-manager Jo Yamamoto, to participate in the City Recreation Basketball League.

Playing against their big sisters, the Pandas, and four other teams, the Cubs ended the season with a six win, five loss record, but went on the rampage to win the Division B championship.

To close the Cub season, two exhibition games were played against the Red Deer Composite team. This annual competition proved a grand finale for the Cubs as they romped home victors by scores of 43-27 and 25-17.

#### CURLING

University of Alberta Women's Curling team came very close to winning the Spooner Trophy this year and once again admirably represented Alberta at Winnipeg.

Because of the 1-1 record for the three rinks after the tournament, rocks were counted and the University of Saskatchewan totalled 17, University of Alberta 16, and University of Manitoba 15. The game was played at Stevenson field.

Standing: Marilyn Asheton-Smith, skip; Elaine King, third. Kneeling: Lynn Thompson, second; Phyllis Moseley, third.

#### TENNIS

TENNIS TEAM MEMBERS: Dunnigan, Ghitter, Walls, Jackson, Shandro.

This year's Varsity golf and tennis teams were scheduled to compete in Saskatoon for western intercollegiate honors against Saskatchewan and Manitoba. However the weatherman beat them all, forcing the cancellation of the meet until Fall of '58. Thus through the timely help of a snowfall Alberta managed to retain both trophies emblematic of their golf and tennis victories in 1956.

MEN'S GOLF TEAM: Brooks, Anderson, Pachal.

GOLF

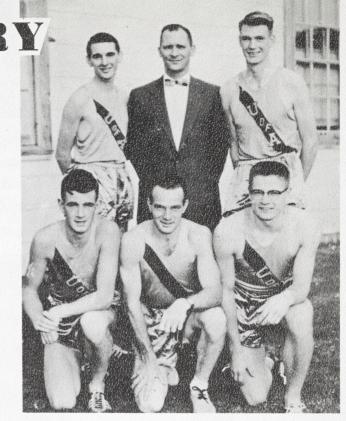

WOMEN GOLFERS: Thornton, Hollingshead.

CROSS-COUNTRY

Herb McLachlin's cross-country team, paced by Henry Glyde, once again literally ran away with intercollegiate honors in Saskatchewan. The 4.3 mile course was covered by Glyde in record time to give Alberta its fourth straight win in running competition against U. of S. and U. of M. The race was highlighted by Alberta's Coldham, and Manitoba's Mc-Phail battling for second place in the last quarter mile. McPhail was finally outlasted, and Coldham finished a strong second. The team standings left no doubt as to Alberta's supremacy: U. of A.-14; U. of S. -30; U. of M.-37.

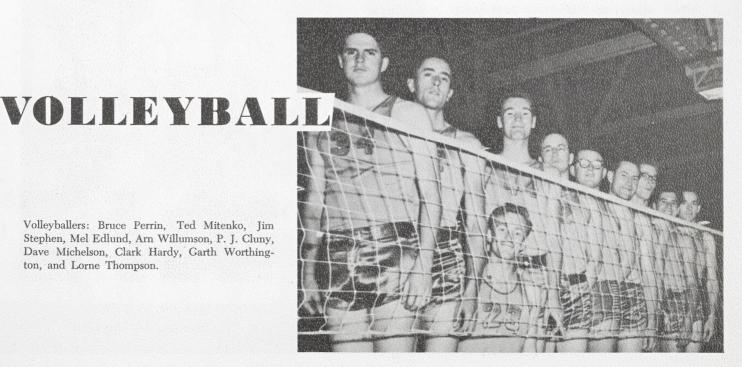

Team members, standing: Vic Sartor, Coach McLachlin, Henry Glyde. Kneeling: Dick Cuddihy, Pete Coldham, John Tkachyk.

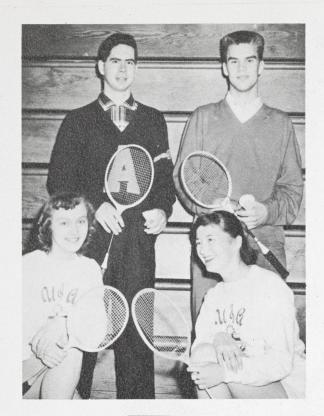

Under the tireless coaching of Al Affleck, this year's volleyball team scored a major upset in defeating Manitoba and Saskatchewan for the U. of M. Alumni Trophy on our home courts. The play, which was spread over two days, saw Alberta lose only once as they chalked up decisive wins in eight other contests. The accurate setting and powerful spiking of Alberta's men was too much for the opposition, who once again had under-rated the Green and Gold.

Volleyballers: Bruce Perrin, Ted Mitenko, Jim Stephen, Mel Edlund, Arn Willumson, P. J. Cluny,

ton, and Lorne Thompson.

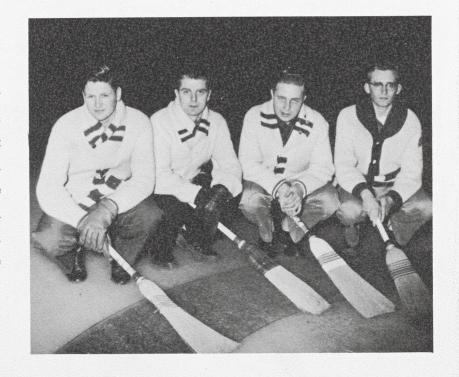

#### BADMINTON

Continuing their victorious parade, the U. of A.'s mixed badminton team retained the O. J. Walker Trophy for the 4th consecutive year in competitions held in Edmonton. The trophy was won in a clean sweep of 15 of 18 matches, against the U. of S. and U. of M. teams. The only three matches lost were in the men's competition. Hugh Edgar, in his first year as a coach, drilled his team to perfection to prove Alberta's badminton supremacy.

Once again in 1958 the intervarsity curling team was chosen from the campus curling club bonspiel. In a double knockout tournament, Darrell Hockett's rink emerged the victors and so represented Alberta in the Intervarsity bonspiel held in Winnipeg. All four western colleges competed in the draw, and Alberta made its usual respectable showing.

#### FIGURE SKATING

The Irving Kline Trophy for figure skating supremacy was lost to the University of Saskatchewan team this year. Competition was keen, but Alberta failed to gain the greatest number of points in the intricate scoring system.

The performances of Elaine Whelihan and Noel McVey were especially praiseworthy as they took the intermediate and senior figures respectively. Other skaters competing were Gail Hollingshead, in junior figures; Rosemary Hall who teamed with Noel McVey in senior pairs; Barb Cornett and Marguerite McGregor, who teamed in the senior dance. Their performances proved admirable, despite the loss.

From left to right: Barb Cornett, Elaine Whelihan, Marguerite McGregor, Rosemary Hall, Gail Hollingshead.

#### VOLLEYBALL

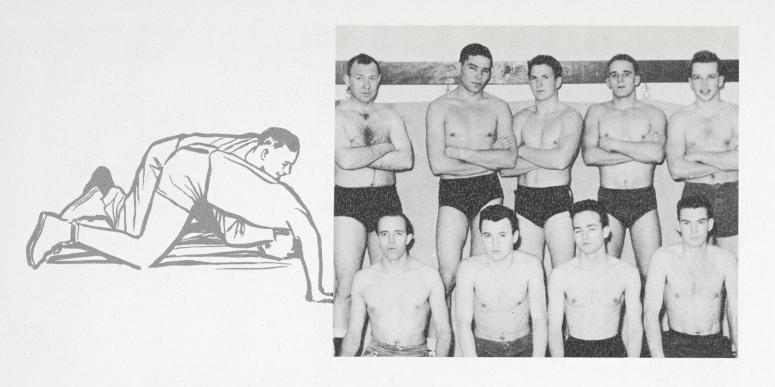

Alberta co-eds played hostesses to the U. of S. and U. of M. during Varsity Guest Weekend. Climaxing a successful "at home" weekend, was the winning of the Sam Landa Trophy, emblematic of volleyball supremacy.

New volleyball rules of a single volley and only six players aided Alberta to win the trophy for the first time in four years. Alberta outclassed the visitors in every phase of the game. Coach Pat Austin's techniques and strategy paid great dividends as the opposition was often bewildered at the smashing serves and driving spikes. Solid team effort backed the terrific coaching as the Alberta gals won all four matches in the double round-robin tourney. Outstanding for Alberta were: captain Jean Harvie, Syl Shaw, Sally Bishop, Mary Hendrickson, Pat Jackson and Donna Huestis. Spiker Joan Cload, boosters Bobbi Collett, Barb Johnston and Jenniete Van Dellen strengthened the Alberta team to do themselves justice by becoming 1957-58 champions.

Congratulations Coach and Crew

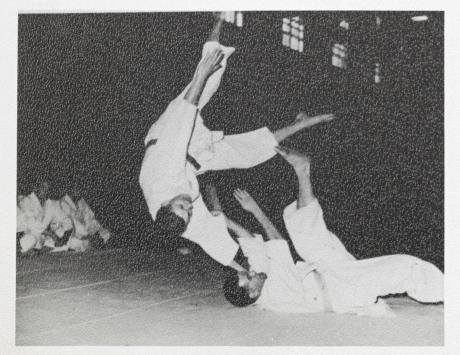

#### WRESTLING

Alberta grapplers won the Rawson Trophy, emblematic of intervarsity supremacy for the second straight year in 1958. A total of six matches were held in the Varsity Gym, in which Alberta garnered three wins and the majority of points based on style. Bob Hamilton of Saskatchewan earned the Dr. Beaumont Trophy with his exhibition of outstanding wrestling. Alberta coach Alex Romaniuk's team was composed of Paul Yewchuk, Bob Loov, Cornell Fillipchuk, Alan Dalgleish, Al Baykiw, Hardy Davies, Dallas Lockhart and Bob Brintnell.

#### JUDO

Through the efforts of President Don Liteplo and Instructor Kelly, the Judo Club has expanded its membership and will soon be recognized as an intervarsity sport. Only one meet was held this year in which judo experts from all over the province took part in matches and grading competition. The judo men put on an excellent display of the art of manly self-defense and in the future it should become an important Varsity sport.

#### SKIING

This year's ski team, led by Olympian Irvin Servold, competed in three major intercollegiate meets throughout the winter season. At the Pacific Northwest meet held in Rossland in early January, U. of A.'s skiers managed a fourth-place finish. Wenatchee Junior College, paced by several Norwegian exchange students, won the meet with U.B.C. and Washington State in hot pursuit. Servold placed sixth in the cross-country and third in the jumping to garner most points for the Albertans.

At the twelfth annual meet at Banff, U. of A. once again placed fourth in a field of ten competing colleges. Wenatchee's exchange students again led the school to an easy victory followed by U.B.C. and U. of Washington. John Derrick finished ninth in the downhill at Mt. Temple, and Jim Innes, alpine coach, placed 16th in the giant slalom. Servold again led his team members, winning the cross-country by a margin of 12 seconds and placing third in the jumping. The third meet of the year was held in Whitefish, Montana, and Alberta protected its honor by placing in the top half of the competing American schools.

Team members; Gill, Innes, Coldham, Wilberg, Snell, White, Servold, McPhalen, Derrick, Koeschel.

#### SWIMMING

It was the same old story in the intervarsity swim meet again in 1958. Saskatchewan all but swam away with the Griffiths Cup for the 5th straight time, winning first place in ten of eleven events. This gave the Saskatchewan splashmen a total of 68 points, as compared with Alberta's 26. The outstanding swimmer of the meet was Tom Howat of Saskatchewan, who won all 3 events he entered while setting a new record in the freestyle. Ray Allenwood gained the single Alberta win in the 100-yard breast stroke, and also placed second in two other events.

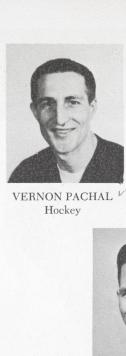

Ten Alberta sea-nymphs were successful in winning the Feldsted Memorial Trophy under the guidance of Miss Pat Austin.

In the synchronized division, Janet Grassick and Joyce Aylen won top honors. Janet's number won her the Pat Austin Synchronized Swim Trophy.

Barb Heaps placed first in the 50-yard breast stroke and the 75-yard medley, while Joyce Gibson showed good form to win the diving events. Other members of the team included Dawn Percy, Jean Fraser, Gail Robertson, Donna Jackson, Mim Potter and Marian Levinson.

Although Saskatchewan managed to break three records, when the waves settled, Alberta had edged to a 48-46 victory, and next year the girls will be all out to widen the margin.

The Big Block "A" Club is the honorary men's athletic society on the campus, membership in which is the highest athletic award in Alberta. Membership is awarded on the basis of prolonged outstanding ability and good sportsmanship in intramural and intercollegiate sport.

The Club's aim, in addition to presenting sweater and ring awards to its members, is to foster and promote athletic endeavors, both on and off the campus. The Big Block "A" Club also sponsors two of the most popular social attractions on the campus, the annual "Freshie Queen" and Color Night.

#### MANITOBA

In the first meeting of the season with the Manitoba hockey crew, the Albertans suffered a rude shock, going down to defeat 5-4, thus ending a 25-game winning streak. The Bears' were outskated and outplayed Friday by a hustling Bison team who came from behind to fire 3 unanswered goals in the last period. The poor caliber of play was indicated by the many penalties called on the Golden Bear club. Saturday night, however, a vengeful Alberta team overpowered the Manitobans 12-3, in showing a flash of their old winning teamwork. Pachal and Lashuk led the Bears with 3 goals apiece in Saturday's rout.

In late March the Golden Bears continued their current winning streak by whipping the Bisons 7-2 and 7-6 in Manitoba. On Saturday Sorochuk and Goebel fired two goals each in the second period to place Alberta ahead 5-1. The last frame was slow-moving and ended with Alberta on top by a score of 7-2. The Sunday afternoon game was an overtime thriller in which the Bears were 4 goals behind in the second period. Les Zimmel garnered 3 goals to lead the Bears to their overtime 7-6 win. The two victories over the Bisons clinched the league for U. of A. once again.

ILL FEELING AMONG FRIENDS?

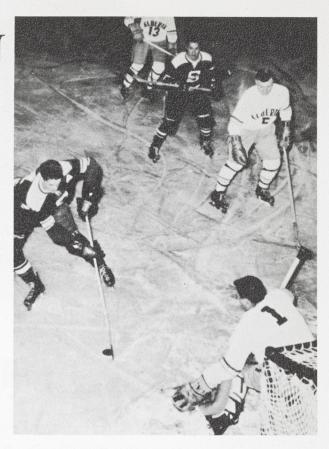

GOOD STOP BY PETERS

#### SASKATCHEWAN

The Hockey Bears opening league game of the '58 season saw the Saskatchewan team go down to defeat by a score of 3-1. The game itself held few thrills as the boys were not yet in top shape. Scorers for the Bears were veterans Masson, Pachal and Ratsoy. The second game, witnessed by a big crowd, was a rough, hard-fought contest, with the score reading 3-2 at the end of the second period. In the third frame however, Pachal for the Bears, broke loose to fire two goals and lead his teammates to a convincing 6-4 victory. Rookie Goebel was considered the standout Bruin of the series, along with goalie Kryczka, who made countless stops despite a pulled groin muscle.

The Huskies returned to U. of A. in the latter half of the season, only to lose once again by scores of 5-4 and 8-3. In the first game the Saskatchewan crew made a great attempt, scoring two goals in the dying minutes of the third period. The Bear attack was led by Masson and Hall, both offensively and defensively. The Huskies appeared to lose heart on Saturday after the second period as Pachal and Zimmel both slipped two goals behind the Husky netminder. From there on it was a Bear walkaway with Masson once again the key man in the victorious Alberta offense.

GOALIE IN A DILEMMA

ALBERTA NETS ONE

SAWKA STOPS ANOTHER RUSH

#### BRANDON

Tiny Brandon College year after year puts up a stiff battle in the intercollegiate hockey league, but once again they bowed to defeat at the hands of the Golden Bears, 8-0 and 16-2. The first game was an easy, slow-moving contest which gave the Brandonites little chance to display a good form of hockey. Vern Pachal scored three goals for the Alberta team. On Saturday afternoon, both teams played good hard-skating hockey until the second period when the score was deadlocked 1-1. In the second period, however, the roof fell in as Pachal fired four goals and Goebel three more, and the Golden Bears swept on to a 16-2 spree at the expense of the Brandon Caps.

The second series with the Bears on Brandon home ice was nearly as disastrous as the first. The Bears clobbered the Brandonites 13-2 on the first night and 6-3 the following evening. On Friday night the Bears scored at will as nearly everyone on the team garnered some points in the cause. Saturday night's session was much closer as the Caps put up a good fight, but Bob Goebel scored a hat trick to lead the Bears to a 6-3 win in the closing game of the successful 1958 season.

NO ONE GETS BY BRAITHWAITE

BEAR'S NUMBER-ONE STAR

B.C. ROUGHS IT UP

#### EXHIBITIONS

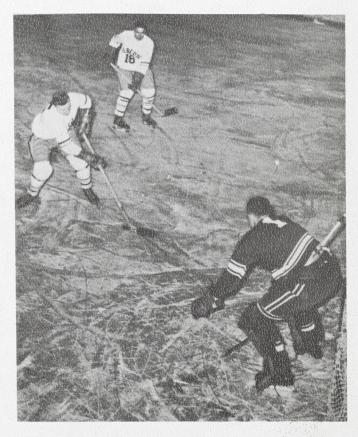

For the first time in several years the Bears engaged in two pre-season exhibition games with the northern Alberta teams. The Peace River Stamps proved to be formidable opposition, holding the Bears to a six-all tie, but the High Prairie Regals were an easy mark succumbing to a 10-3 defeat. The veterans' line, led by Pachal, notched 9 of the 16 goals tallied by the U. of A. team.

#### HAMBER CUP COMPETITION

Tenacious forechecking and a smooth passing offense enabled the University of Alberta pucksters to take a big lead in the first contest of a two-game, total-point series against the British Columbia Thunderbirds. The Thunderbirds, on the short end of an 11-2 score, were completely outclassed and outfought by the big and rough prairie team who were prevented from piling up an even greater score by the stalwart net-minding of the Birds' Ron Molina.

Pete Connellan with three goals; Mike Lashuk, Bob Goebel and Vern Pachal with two apiece; Les Zimmel and Ed Ratsoy with one each paced the U. of A. marksmen.

Keeping up a relentless offensive attack the U. of A. Golden Bears pounced on the hapless Birds from British Columbia in the second contest of the Hamber Cup series, swamping the west coast team 8-2, and thus retaining the Humber Puck Trophy for the seventh consecutive year. Superb conditioning and fine positional play enabled Dr. Smith's speedsters to sweep the two-game series by fifteen goals. Goal scorers for the Albertans in this final contest were: Les Zimmel with three; Mike Lashuk, Ross Heatherington, Bob Goebel, Ernie Braithwaite and Fonteyne with one apiece.

# NTRAMURALS

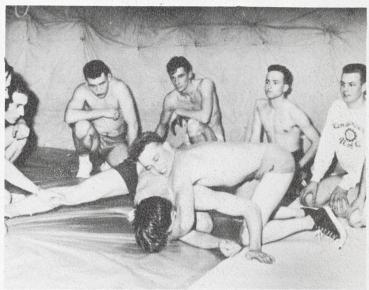

This year's men's intramural program started late because of poor weather, but eventually football was completed on a snow-covered field. Once started, the events ran smoothly through cross-country, frontier's day, volleyball, hockey, and basketball. The Kappa Sigs won the Intramural Trophy through mass participation in all events. The Phi Delts finished a weak second to end another successful year of intramural sports.

## Frontiers' Day

The local backwoodsmen turned out in full force this fall to compete in the annual loggers' afternoon. The Kappa Sigs proved their strength (or something) to dominate the affair with a total of 25 points, accumulated in the varied events of outdoor skill. The Ags were second with 22 points, while the Phi Delts placed third with 19 points. About two hundred spectators watched the boys work at log rolling, cross-cut sawing and log chopping in the unusually mild weather. The highlight of the afternoon was, of course, the bucking barrel contest which sent many a cowboy on a surprise trip into the sawdust. An unshaven man named Adamson won the beard growing contest which was judged by apple-cheeked co-eds.

# NTRAMURALS

A large number of entries were received for the annual track meet held in October. This year faculties and fraternities turned out in costumes which added much to the spirit of the meet. Pi Phi's proved to be the most colorful.

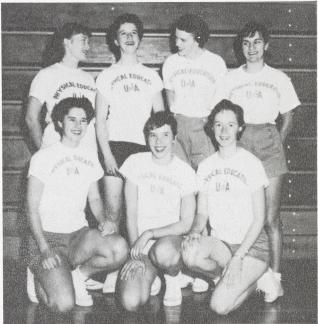

All faculties participated actively in the intramural sports this year. The winners of the various divisions were as follows: Volleyball, Physical Education; Track and Field, Physiotherapy; Bowling, Theta; Basketball, Education; Table Tennis, Education; Swimming, Physical Education; Tennis, Theta; Broomball, Physical Education; Badminton, Theta; Golf, Theta.

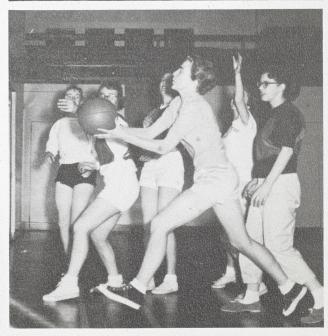

The Physical Education team once again was victorious in winning the coveted Rose Bowl, followed closely by Theta, Pembina and Education in that order.

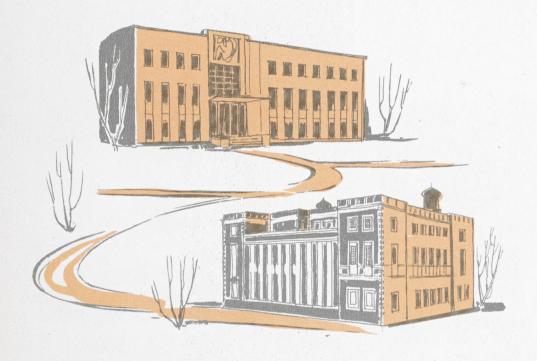

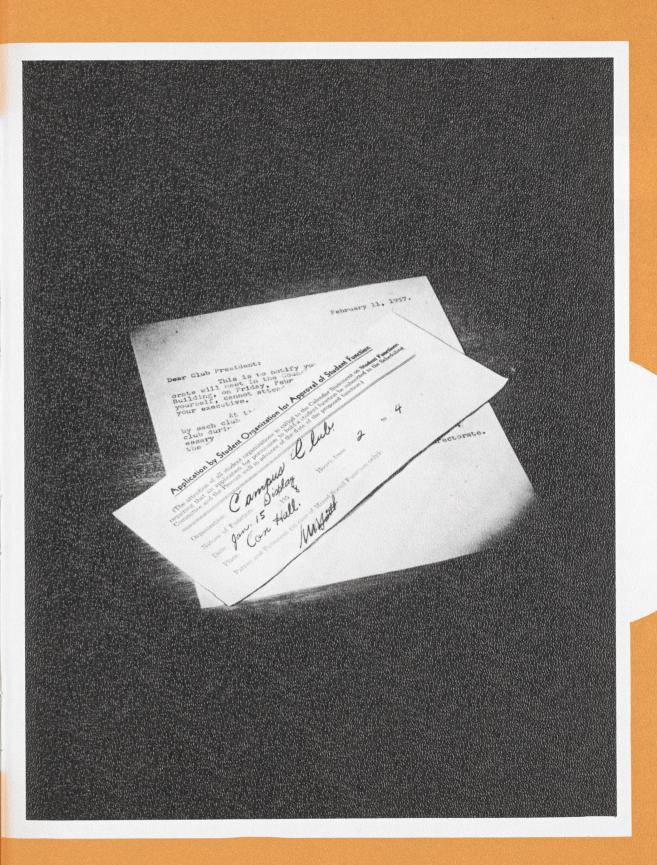

# 1950-1956

The university campus expanded with the addition of three prominent new buildings, the Students' Union Building in 1950, the Rutherford Library in 1951, and the Administration Building in 1956.

Formed four years ago with only eighteen members, the Physiotherapy Club now has grown to include forty-four. Sixteen of these girls are in the 1958 graduating class.

The first-year physios were very active in campus sports this year, placing near the top in girls' Track and Field events and entering into the basketball semi-finals.

First year on campus the physios won the cup for 100% donation at the Blood Donor Clinic; this feat was duplicated this year.

This year the Physical Education students sponsored a highly successful dance, the "Ivy League Ball", as well as a float in the Varsity Football Parade. Other activities included a Graduation Banquet and Formal, setting up of a display for Varsity Guest Weekend and participation in Intramural sports.

#### EXECUTIVE

President: Joe Kryczka

Secretary-Treasurer: Darlene Breyer

Speaker: John Chappel

# DEBATING SOCIETY

#### EXECUTIVE

President: Lou Hyndman Vice-President: Bernie Adell Secretary-Treasurer: Roy Stuart

McGOUN DEBATERS: Len Leigh, Dick Dunlop, Roy Stuart, Morton Brown.

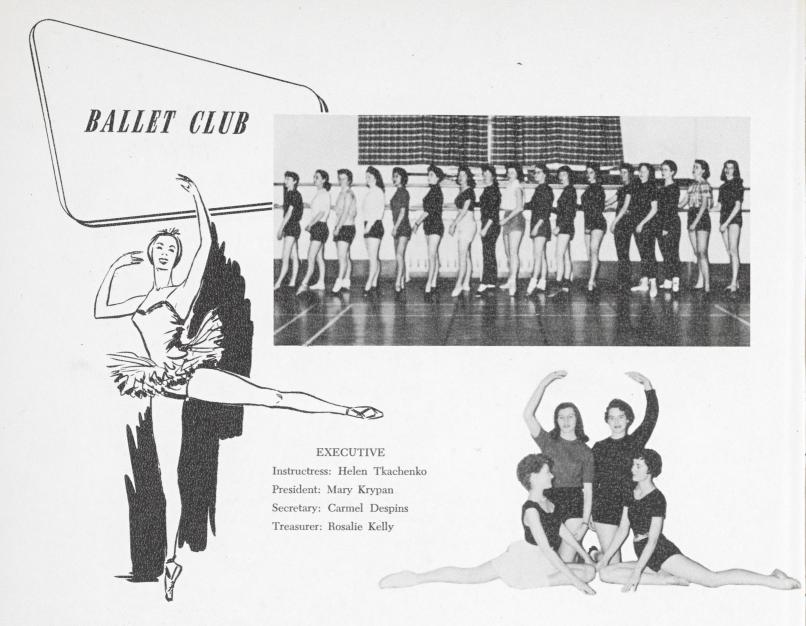

Alberta's debaters retained the McGoun Cup by defeating the University of Saskatchewan and the University of Manitoba.

## LAW CLUB

#### EXECUTIVE

President: Joe Kryczka Vice-President: Lou Hyndman Secretary: Al Wachowich Treasurer: Don Hatch

Campus musical talent is displayed through the efforts of the Musical Club. Each month a concert is offered, one of these being a guest concert. This year's guest was songstress Jeanette MacDonald.

# MUSICAL CLUB

#### EXECUTIVE

President: Sheila McCorry Vice-President: Harold Nix Secretary: Barbara McDougall Treasurer: Harold Coward

# THEOLOGY CLUB

#### EXECUTIVE

President: William Mayberry Vice-President: Bill Beckstead Secretary: Frank Andrews Treasurer: Leroy Angle

The Theology Club, in its 32nd year, boasts of being one of the oldest campus clubs, and of its fellowship with the faculty and devotion to a common faith. "In Lumine Tue Lumin."

Through worship, study, service and evangelism, the Canterburry Club seeks to promote better understanding of the faith and practice of the Anglican Church of Canada among students of this faith.

## CANTERBURY CLUB

#### EXECUTIVE

President: Len Leigh Vice-President: Sheila Brown Secretary: Diane Farmer Treasurer: Murray Wilcox

## HILLEL CLUB

#### EXECUTIVE

President: Edward Pakes Vice-President: Shirley Shuler Secretary-Treasurer: Sharon Cantor

Several functions are sponsored each year by the Hillel Club, an international Jewish organization.

The purpose of the L.D.S. Institute is to promote social, cultural, intellectual and religious growth of students of the Church of Jesus Christ of Latter Day Saints.

L.D.S. INSTITUTE

#### EXECUTIVE

President: James Gibb First Councillor: Phil Dickson Second Councillor: Laurie Harker

ILARION CLUB

EXECUTIVE

President: Mike Hucalak Vice-President: Gerald Metrunec Secretary-Treasurer: Sylvia Hokaluk

Begun in 1951, the Ilarion Club is a Greek Orthodox organization; its aim is to further fellowship amongst students of the same faith through functions of a religious, social and cultural nature.

Obnova is a club for Ukrainian Greek Catholic students. Its purpose is to maintain the cultural, spiritual and intellectual phases of life in the Ukrainian tradition. The Obnova Club sponsored an annual banquet for its graduating student members. The Club is made up of forty-five members.

### OBNOVA CLUB

(ST. BASIL'S CLUB)

#### EXECUTIVE

President: Steve Kamelchuk Vice-President: Bill Pawluk

Secretary-Treasurer: Phyllis Nawolsky

## NEWMAN CLUB

#### EXECUTIVE

President: Louis Parai Vice-President: Lilian Paul Secretary: Yvonne Marra Treasurer: Frank Magyar

Within the Newman Club, Roman Catholic students find spiritual, social and intellectual interests. Its various activities are held in the Newman Club Rooms located in St. Joseph's College.

This year A.S.U.S. sponsored the new and highly successful "Deep Freeze" dance held in late January. This organization boasts a membership of over three hundred Arts and Science students.

UNDERGRADUATE
SOCIETY

#### EXECUTIVE

President: Mary Galbraith Vice-President: Ian Spence Secretary: Jean Kuzio Treasurer: Dolores Shymko

"Bar None" is the Agriculture Students' outstanding function of the year along with their annual Agriculture Formal held in the Macdonald Hotel.

# EDUCATION UNDERGRADUATE SOCIETY

#### EXECUTIVE

President: Bill Badger Vice-President: Hugh Ross Secretary: Flora Goos Treasurer: Len Hanak

We go Pogo

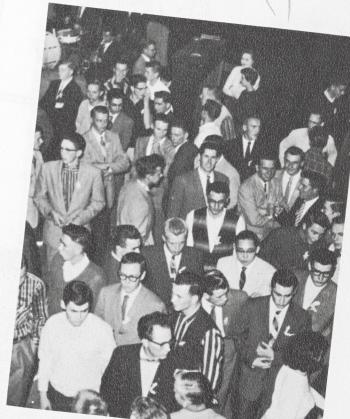

The Education Undergraduate Society, one of the largest organizations of its kind on the campus is particularly active in scholastic, social and sporting activities.

The Macdonald Hotel was the setting for the annual E.U.S. Graduation Banquet and Dance this year.

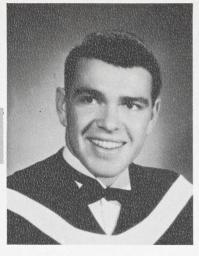

By introducing a varied and interesting program, the Education Undergrad Society attempts to include all students of its faculty in their activities.

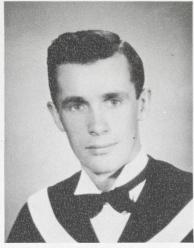

Where are the Mice?

#### EXECUTIVE

President: Jim Duncan Vice-President: Geist Hardt

Secretary-Treasurer: Michael Tonks Council Representative: John Nasedkin

Social Convener: John Boman Sports Representative: Gerald Stuart *DENTAL UNDERGRADUATE SOCIETY* 

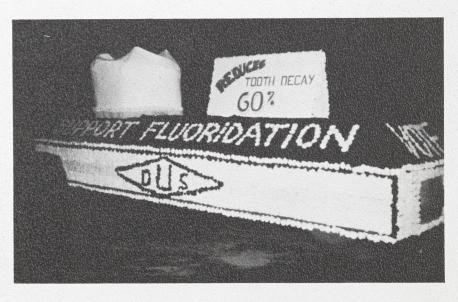

This year the Dental Undergraduate Society under the presidentship of Jim Duncan, fourth year dentistry, successfully staged another "molar mambo" dance held in the university gymnasium this fall. With the money received from this dance the D.U.S. managed to "finance" several dent stags held at the Frontiersmen Hall.

The annual graduation banquet and stag of the society was held on February 7th at the Petroleum Club.

The D.U.S. had a successful year in 1957-58, both socially and financially, and look forward to an even better one next year.

Fluoridation Support in Vain!

# MIXED CHORUS

#### THE UNIVERSITY MIXED CHORUS

CONDUCTOR: Richard S. Eaton ACCOMPANIST: Doreen Flesher ASSISTANT ACCOMPANIST: Joyanne Baker

The high-spirited Chorus of 1957-58 enjoyed a successful season of singing and merry-making under the direction of Professor Richard S. Eaton.

The first activity of major importance took place in December when the Chorus cheered patients of the University and Mewburn Hospitals with a program of traditional Christmas carols.

The annual concerts given at the end of January in Convocation Hall were highlighted by the works of several contemporary composers: Bela Bartok, Randall Thomson, Sir Walford Davies, and Aaron Copeland. Immediately after the opening night concert, a party was given for all Chorus members, Chorus Alumni and friends of the Chorus in Wauneita Lounge. The entertainment featured a fine quartet of former Chorus members, Laurie Harker, Kay Greene, Wayne Olson and Rex Ericson. Accompanied on the electric guitar, the quartet sang several popular songs in unique arrangement.

Following the three Edmonton concerts, the Chorus journeyed to Westlock, Red Deer and Bentley on what has come to be known as "The Short Tour." It was enjoyable in all respects: there was good food and hospitality, little sleep and much partying. The last concert, followed by the annual banquet, was held in Bentley. To the accompaniment of rock 'n roll from the dance-hall above, various Chorus members spoke their thanks and appreciation to Mr. and Mrs. Eaton and the Executive.

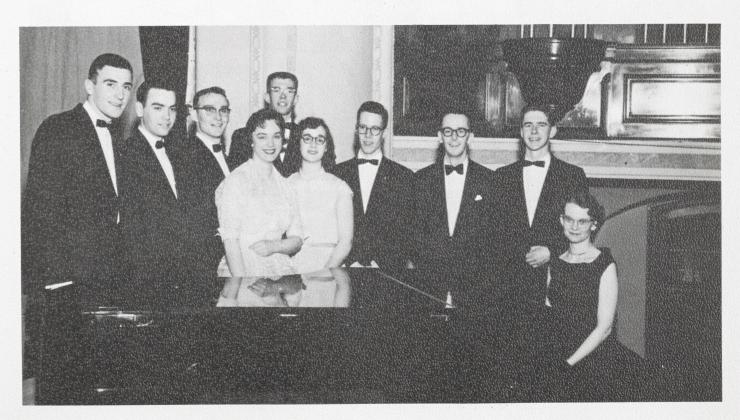

During February the Chorus recorded a half-hour broadcast for the CBC and joined with the University Symphony to present an afternoon concert on Varsity Guest Weekend.

At the beginning of May with final exams well-behind them, the Chorus members will tour the central and southeastern portions of Alberta.

#### EXECUTIVE

Honorary President	A. G. Markle

# RCAF U of A SQUADRON

The cadets' branch of service in the RCAF is designed to coincide with his university training. Specialized and practical training is received in stations across Canada. This affords an opportunity for university cadets to see much of their country.

Following three years of employment, cadets are commissioned as officers in the RCAF. Flight cadets graduating this year are: F/C Feasel, F/C MacRae, F/C Laberge, F/C Given, F/C Leonchuk, F/C Millman, F/C Nielsen, F/C Pollard, F/C Cantelon, F/C Orr, P/O Anholt and F/C Stromsmoe.

The winter programme is a combination of lectures, tours, and social events. Noted speakers are invited to lecture on specialized fields of Air Force administration such as: medicine, weather, missiles and current affairs. An interesting trip was made to the RCAF Survival Training School. The Tactical Air Command pool and gym were utilized for sports evenings several times throughout the year. Two mess dinners highlighted the social programme. A new and successful feature this year was a tri-service smoker at HMCS Nonsuch. Also rifle shooting was a major part of the programme.

Many of the graduating cadets of the U of A squadron have pursued a career in their professional fields in the RCAF.

F/C Florence Cerezke and F/C Norman Gish of the University of Alberta RCAF Squadron enjoyed a stimulating summer training period at overseas units in France and Germany this past year.

The first year cadets journeyed to Eastern Canada where they were joined by representatives from 37 universities and colleges from across the dominion. Seven girls from Alberta received their first taste of Air Force routine in London, Ontario. College Militaire Royal, St. Jean, Quebec is the officer training centre for male cadets. Numerous friendships formed during the summer are often maintained on a "trans-Canada" correspondence basis.

Relaxation and companionship are a major aspect of the programme of the U of A RCAF squadron. Both the male and female members gather in the Tri-service lounge for friendly gatherings.

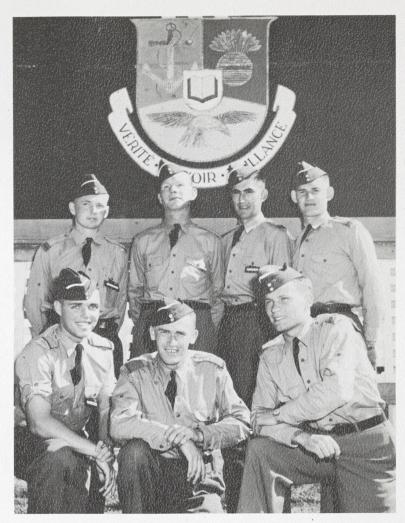

A musical interlude between lecture periods at regular Wednesday evening parades allows Flight Cadets to enjoy their favorite records.

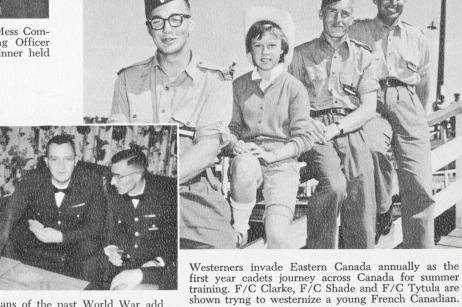

F/C Given (left), president of the Squadron Mess Committee, and W/C B. E. Riedel, Commanding Officer receiving guests at the pre-Christmas mess dinner held at the Tactical Air Command Mess.

Female cadets are a unique RCAF feature distinguishing the squadron from other service units on the campus. Left to right are: F/C Pat McCleary, F/C Dolores Shymko, F/C Shauna Allan, F/C Barbara Laberge. Second row: F/C Elaine Conquest, F/C Shirley Bayer, F/C Joyce Gibson and F/C Janet McCallum.

Some of the University of Alberta's representatives at College Militaire Royal, St. Jean, Quebec, Officer Training School for first year male cadets.

Veterans of the past World War add a touch of experience to the Air Force life of the campus squadron. Discussing old times are F/C Given and F/C Shade.

# WHAT WILL BE THE FRUITS OF YOUR STUDENT YEARS?

Many past graduates have discovered the advantages of linking their futures with progressive and well established companies, such as Canadian Utilities. They have found that the expansions, and the planned programs for future development of such companies provide them with excellent opportunities and a full scope for the work of their student years.

# Solving Engineering

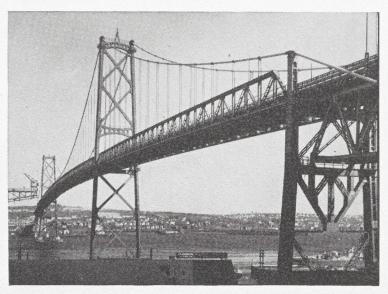

UNIQUE SEAWAY PROJECT is the permanent raising of the southern end of Jacques Cartier Bridge, Montreal, and the replacement of one span without interrupting vehicular traffic. This will provide a minimum clearance of 120 feet for shipping in the seaway canal.

MODERN TREND IN CRANES. This completely enclosed 300-ton gantry crane—the largest ever built in Canada—was designed and fabricated by Dominion Bridge for the Canadian half of the St. Lawrence Power Project.

Photo courtesy Ontario Hydro

SUSPENSION BRIDGE IN THE EAST. The Halifax-Dartmouth bridge, with its main span of 1447 feet and total length of 4420 feet, is the second largest of its type in the Commonwealth—surpassed only by the Lion's Gate bridge, Vancouver, also built by Dominion Bridge.

## Problems...

**EXPANSION** brings diversified engineering problems as in these recent examples.

In every Province and in every major industry, Dominion Bridge engineers are making important contributions to Canada's phenomenal growth.

To help Canada's expansion,

Dominion Bridge has embarked on its

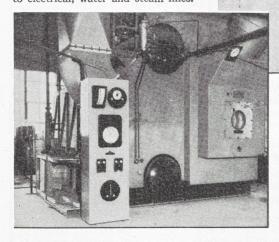

own four year expansion programme

which will have the effect of
increasing the Company's overall

capacity by 40%.

17-STOREY ADDITION. The Royal York Hotel, Toronto. The largest in the Commonwealth, this structure is being further expanded by a 17-storey 400-room addition shown at right. Altogether some 20,000 tons of steel have been fabricated and erected by Dominion Bridge for this project.

MODERN TREND IN BOILERS. Newly developed Dominion Bridge water tube package unit boilers are shop assembled and shipped complete to the site ready for connection to electrical, water and steam lines.

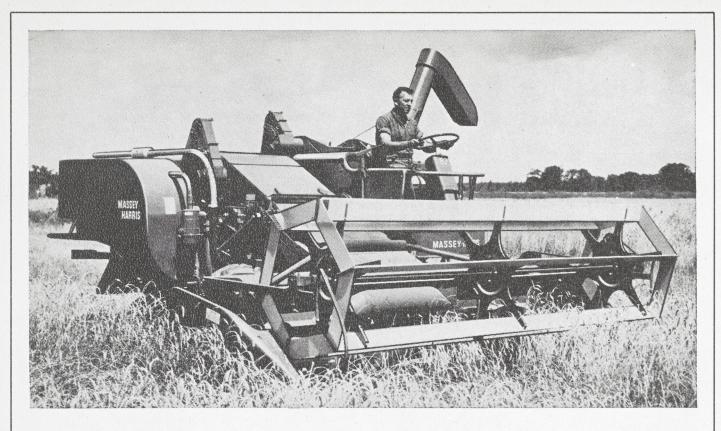

**CANTILEVER BRIDGE IN THE WEST.** The Second Narrows bridge over Burrard Inlet at Vancouver. 16,600 tons of steelwork will be required for this new 6-lane bridge. With its centre span of 1100 feet, it will be the second longest cantilever bridge in Canada.

DOMINION BRIDGE COMPANY LIMITED. Plants: MONTREAL • OTTAWA • TORONTO • SAULT STE. MARIE • WINNIPEG • CALGARY • VANCOUVER, Assoc. Company Plants: AMHERST, N.S.; Robb Engineering Wks., Ltd. QUEBEC: Eastern Canada Steel & Iron Wks. Ltd. WINNIPEG: Manitoba Bridge & Eng. Wks., Ltd. EDMONTON: Standard Iron & Eng. Wks., Ltd.

Divisions: Structural • Mechanical • Boiler • Platework • Warehouse.

# 60,000 New Reasons Every Day for Mechanized Farming!

In these days of man-made planets we tend to overlook this old, but still miraculous, earth that feeds and provides for us all.

That over 60,000 babies are born into this world each day—more than enough to repopulate the whole of Canada in less than a year—goes unnoticed. That these 60,000 new mouths will be fed on the produce of this small earth does not make headline news!

Yet, when we consider this astonishing growth in the world's population, we must wonder how it is that our standard of living—measured in terms of food consumption—remains so high. How is it possible when there has been little appreciable increase in the world farm acreage and a decline in the actual farming population?

The answer lies in farm mechanization—

in a scientific approach to food cultivation and the development of modern machine methods to increase output per acre and per man-hour worked.

In this development Massey-Harris-Ferguson plays a leading role throughout the world—in Canada, in the United States, in France, South America, Great Britain, South Africa, Germany and Australia.

All the world over, wherever farming is mechanized to meet our ever-growing needs, there we find Massey-Harris-Ferguson machines hard at work in the fields.

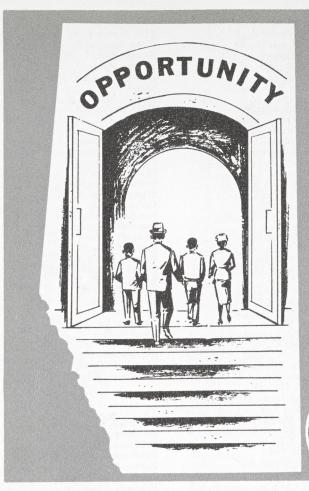

There are 60,000 new reasons every day for more mechanized farming—60,000 reasons for the big demand for Massey-Harris-Ferguson farm machines and implements.

## BEST WISHES FROM THE CITY OF EDMONTON

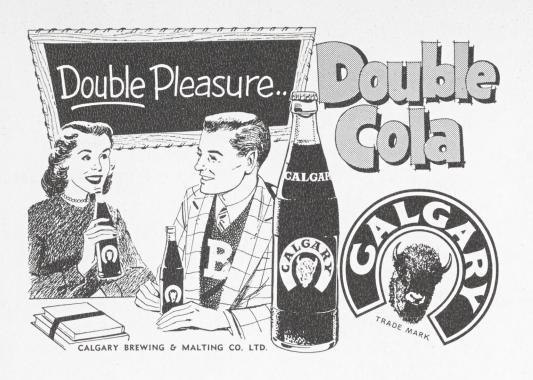

To the University of Alberta graduating class of 1958 I am pleased to extend my sincere congratulations on behalf of the citizens of Edmonton.

You are now prepared to embark upon the most important phase of your careers. Your country looks to you for leadership and guidance gained by your years of preparation and study.

It is my sincere hope that the careers and professions of your choice will be successful. I am confident that the knowledge you have acquired will be the keynote to leadership and progress in the communities where you will choose to make your homes.

You. Hand lake

THE CITY OF EDMONTON

# A Fair Offer

If you will put a Jenkins Valve, recommended for your particular service, on the worst place you can find — where you cannot keep other valves tight — and if it is not perfectly tight or it does not hold steam, oil, acids, water or other fluids longer than any other valve, you may return it and your money will be refunded.

Jenkins Bros

"A Fair Offer", first published in 1869, was more than a warranty of superior performance. It charted a course for fair dealing from which Jenkins Bros. Limited has never veered.

By making valves that measure up to this forthright offer, Jenkins has continued to set the highest standards for quality.

"A Fair Offer" is republished, at regular intervals, as our pledge that those standards will always be observed.

Sold Through Leading Industrial Distributors

Toronto, Winnipeg, Edmonton, Vancouver

Behind the familiar wall switch lies the far-sighted planning and ingenuity of Canada's electrical industry that provides the low-cost power and efficient equipment which is helping to raise our standard of living.

When you want light in a room, you just flick a switch. It's as simple as that. And, if that minor miracle is taken for granted, consider a few of the other tasks electricity performs in the home.

It cooks complete meals while you are out—takes the labour out of cleaning, polishing, washing and ironing—keeps perishable foods in perfect condition, for months if necessary—supplies constant hot water—brings you radio and television entertainment—and helps to keep your home cosily

warm in winter and delightfully cool in summer. This is fast becoming the pattern of living in even remote Canadian homes today.

While the role played by electricity in the home naturally looms large with all of us, it should always be

remembered that by far the larger part of the power generated is used by industry. In fact, it is primarily because of the availability of this dependable source of power that Canada has been able to develop her aluminum, pulp and paper, mining and manufacturing industries to their present position which, indirectly, adds to the prosperity of all Canadians.

When you flip that familiar switch on the wall, have you ever given a thought to the amazingly intricate system of power equipment that lies behind it?

From the start, the story of Canada's electric utilities has been one of phenomenal increases in demand for power being constantly met, with the result that Canada has become one of the most highly electrified nations in the world. And, as always with this enlightened industry, tomorrow's needs are being taken care of by today's planning.

This Company engineers, manufacturers and supplies a complete line of electrical equipment including generators, transformers, switchgear, wire and cable for the generation, transmission and distribution of electric power—as well as the motors and control, electronic devices, appliances, lamps and other products that put it to work.

We, of Canadian General Electric, take pride in the fact that electric power has become the pulse of the Canadian way of life because—as Canada's oldest and largest electrical manufacturer—we have helped to make it so.

Progress Is Our Most Important Product

# ENGINEERING unlimited...

• In engineering, the sky's the limit today at Canadian Westinghouse. The never-ending demand for more advanced electrical and electronic devices for the homes, industries and defence services of Canada, coupled with a steadily broadening engineering horizon, gives virtually unlimited scope for the talents of the Westinghouse corps of engineers.

If you are an undergraduate in electrical, mechanical or electronic engineering—if you would like to build a stimulating and rewarding career, working with leaders in your profession in one of the largest and fastest-growing engineering organizations in Canada...get in touch with Westinghouse, where constant progress is always making new opportunities for engineers.

YOU CAN BE SURE ... IF IT'S

## Westinghouse

# COTG

UNIVERSITY OF ALBERTA CONTINGENT

#### Staff

Commanding Officer—Lt. Col. D. E. Smith R.S.O.— Maj. J. L. Hunter

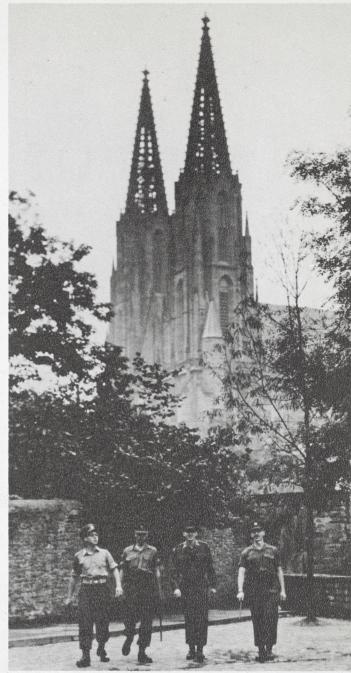

Maj. J. H. White, Maj. W. C. Wonders, Lt. N. R. Hawes, Cpl. R. Harvey.

Summer or practical phase of training found contingent members attending their respective corps schools distributed at various centers across Canada. The boys studied at first hand such subjects as organization, leadership, tactics, and weapons training. First year types underwent the startling annual transformation from awkward civilians to officer cadets, and if still not the "veterans" of second and third years, found themselves accepted members of the military fraternity. "The old boys" of third year found themselves on their own, in command, in such widely scattered points as Whitehorse in the Yukon, and Gagetown in New Brunswick. The best amongst them were posted abroad to Germany, and returned with great tales of their European experiences.

The winter or theoretical phase covered many topics: military history, northern military geography, organization and tactics, military law. Contingent members participated in a variety of activities which also brought their practical skills and knowledge into play—a demolitions scheme at Camp Wainwright, competitive rifle shooting for the Col. H. A. Dyde Trophy. Again this year the unit participated in the Armistice Day Memorial Service on campus. Social life was not neglected, with the members putting their best foot forward at the fall Military Frosh Mixer Dance and the big "do" of the winter—The Tri-Service Military Ball. The Annual Mess Dinner rounded out the year, shifting its location out to Griesbach along with Western Command, Army.
